

# Burnley Civic Trust – Making Burnley a Better Place to Live and Work

Burnley Civic Trust is run by volunteers who wish to preserve the best of what is left of Burnley's past and also to promote the best of the new. The Trust exists to ensure that Burnley continues to be a varied, vibrant, historic and interesting town and a good place to live and work in the 21<sup>st</sup> century and beyond.

## Can you help?

We warmly welcome new members and encourage involvement in our meetings, discussions and activities on Burnley's built environment, landscape, countryside and matters of its Heritage. Visit our website at [www.burnleycivictrust.org.uk](http://www.burnleycivictrust.org.uk)

## Burnley Civic Trust...promoting the best for East Lancs

The Trust was founded in 1963 and has led many initiatives that have enhanced our lives in the town. Pioneering recycling of paper and bottles, promoting and preserving woodland projects with the Trees for Burnley Group, Annual Heritage Weekend Events, Meetings and Lectures on Environmental, Historical and Preservation Issues, Active Support for the Weavers Triangle Revival, and restoration of many valuable local parts of our built environment.

We continue to produce leaflets and books about buildings, and have led with the Blue Plaque scheme on many eminent local celebrities. Awards are annually considered for outstanding developments and buildings.

Regular monitoring and positive contributions to the Planning application process are an essential part of our work to ensure the town and its neighbouring communities continue to improve their image.

# Application for Membership

I/We wish to support Burnley Civic Trust and apply for membership and enclose £10 for a years subscription.
